Ridley Villas

Every woman has a right to a safe, fulfilling life

We run services and dedicated women's centres for those who are at risk or struggling with challenging circumstances, including women in the criminal justice system and those with experience of trauma, selling sex or sexual exploitation

Ridley Villas

Ridley Villas is a specialist accommodation space that supports women who are in recovery from substance misuse, as well as their children. We provide a safe and therapeutic space for families, supporting them in their recovery and on their own personal journey to gain skills they need to have positive, independent lives.

Our aim is for families to make positive choices and live happily, together.

For more information contact:
Claudene Cetinoglu
