THE NELSON TRUST

**Making change
possible**

We believe everyone comes to us with the capacity to achieve lifelong recovery.

Our care, support and encouragement has helped thousands of people recovering from addiction and women with complex needs to change and improve the quality of their lives.

Residential Rehabilitation

We place equal importance on helping people to recover from their addiction as we do on helping them re-build a positive, independent life in order to sustain their abstinence once they have left our care.

We work alongside each client to develop a personalised programme of therapy, workshops, courses, and 1-2-1 support.

Our four recovery houses provide a stepping-stone between treatment and fully independent living for clients as they complete treatment.

Hub Enterprises

Recovery from addiction is more than just abstaining from substances. Through The Hub Enterprises, we offer therapeutic ways to facilitate each person's recovery journey, such as art, yoga and creative writing.

We also offer real-world volunteering opportunities, training in life skills, and education to help people get back on their feet and return to work

Women's Community Services

Our Women's Community Services in Gloucestershire, Wiltshire, Somerset, Bristol and Wales provide women-only spaces where a wide range of support needs can be addressed in a safe and supportive environment.

We also work with women in Eastwood Park Prison to help them overcome barriers and find employment.
