We do not accept donations of furniture as we do not have the space.

Why do we have the Clothes Bank?

We need our clothes bank to provide women and their families with clean, good quality clothes and items for their home. The clothes bank is open to anyone, but it usually provides for people who are struggling financially. It is also used when we are helping someone fleeing domestic violence as we provide them with as much as we can so they can be comfortable wherever they are going. This is why it is vital that the clothes and items we have are of good quality, so that people who are in some of the hardest times of their lives can still feel worthy.

If you would like to donate to us in a different way, with a money contribution, please scan the QR code below, or visit our website:
