

**Have you been
impacted by rape or
sexual abuse at any
time in your life?**

Are you unsure of
your options?

Would you like
independent and
impartial support?

crasac

Coventry Rape and Sexual Abuse Centre

An Independent Sexual Violence Advisor (ISVA) is a specialist who can offer emotional, practical and advocacy support to help improve the experience of victims and survivors of sexual violence.

If you have already reported or are thinking of reporting to the police an ISVA can:

- Listen and provide impartial information.
- Empower you to make the right decision for you.
- Provide support through a criminal investigation and court proceedings.
- Liaise with other services and professionals to ensure you have the best support.
