

ABOUT TOGETHER WOMEN

Together Women supports women across the North of England with particular focus on women who are involved in, or at risk of entering, the criminal justice system.

As a charity led by women, for women, we offer trauma-informed, holistic support to help break cycles of trauma, abuse, and re-offending. Within our network of safe, women-only centres, we provide tailored guidance on a range of issues including housing, mental health, domestic abuse, addiction, finances, employment, and more.

We work with women referred by agencies (including the Criminal Justice System) and those who self-refer. Our goal is to prevent women from entering prison by promoting early intervention and community-based solutions, helping them heal from trauma and rebuild their lives.

I am very happy because when I was on probation I was worried about how I would be treated. After being referred to Together Women and completing the courses, I feel much more confident and I have met very positive people. This has made me change for the better. I am so glad I was referred to this service. The support given has changed my life.
